## Chairman's Letter to Shareholders

---

### Dear Shareholder:

I am pleased to invite you to our 2016 annual and special meeting of shareholders on June 28, 2016 at 10:00 a.m. Vancouver time. The meeting will be held in the Board Room, 15th Floor, 1040 West Georgia Street, Vancouver, B.C., Canada.

You will have an opportunity to vote on various items of business, meet our nominee directors and management team, and hear first-hand about Mundoro's operations, our 2015 highlights, and our future plans.

Please read the Chief Executive Officer and President's Letter to the Shareholders and the accompanying management proxy circular for information about the company and its activities, our senior management, our board of directors, our governance practices, our policies, and our business and compensation practices.

Your vote is important – we encourage you to vote online, by phone or by mail by June 24, 2016. You are also welcome to vote in person at the meeting on June 28, 2016.

Thank you for your continued support.

Yours sincerely,

**John Hoey**  
Chairman of the Board, May 24, 2016

## CEO and President's Letter to Shareholders

---

Dear Shareholder,

### *Successfully exploring in a challenging market*

2015 was a challenging year for the mining sector and exploration companies. Despite the challenging markets for exploration companies, Mundoro's exploration results in the Timok Magmatic Complex in Serbia attracted a number of interested major copper companies such that by June 2015, we granted a 6 month option to First Quantum Minerals during which they completed extensive ground geophysics and over 5000 meters of drilling on four of our eight licenses in Serbia.

Since we embarked on exploring the Tethyan belt in 2012, our focus on partnering with mining industry leaders, maintaining a long term view of gold and copper cycles, and the goal of building value through discovery for all stakeholders have been the core drivers of our business decisions.

Since then, we have attracted two partners, grown our relationships and learned from our experience. We abide by the belief that building a business for the long-term requires patience and dedication, and that measuring performance goes well beyond one drill hole or the balance sheet.

Through our exploration programs, we have discovered two new mineral systems in our Serbian licenses. The Zeleznik license holds both a mineralized porphyry system and an intrusive related skarn system discovered through geochemical sampling, geophysics, trenching and drilling in 2014.

### *Prudent budget planning for future success*

Integral to shareholder confidence is the ability to remain a well-funded company that can execute on its exploration strategy and provide multiple opportunities for shareholders to attain returns on their investment.

With continued volatility in commodity prices, we believe that maintaining financial flexibility to sustain and, where opportunities arise, grow our business, dictates our capital spending decisions and compensation policies. We ended the year with approximately \$5.6 million in cash, cash equivalents and term deposits, no debt, and a 30% reduction in director and CEO compensation. Looking at the year ahead, with the continued uncertainty for exploration equities, it is essential that we remain disciplined and prudent in expenditures and prioritizing our growth.

### *Our future*

The dedicated team, organic exploration potential, financial stability, and no-debt all combine to form the basis of sustainable growth for Mundoro. Understanding the cyclical nature of our industry, we remain prudent and continue to focus on delivering long-term, sustainable value to our shareholders.

I would like to sincerely thank our team for their hard work, collaboration and dedication to the vision that has built Mundoro.

Yours sincerely,

**Teo Dechev**  
**CEO and President,**

## MANAGEMENT INFORMATION CIRCULAR

---

This Management Information Circular (the “**Information Circular**”) is furnished in connection with the solicitation of proxies by and on behalf of the management of Mundoro Capital Inc. (“**Mundoro**”, the “**Company**”, or “**we**”) for use at the annual general meeting of Mundoro’s shareholders to be held on June 28, 2016 at 10:00 a.m. (Vancouver time) and any adjournment or postponements thereof (the “**Meeting**”). No person has been authorized by the Company to give any information or make any representations in connection with any matter to be considered at the Meeting other than those contained in this Information Circular and if given or made, any such information or representations must not be relied upon as having been authorized by the Company. Information presented herein is as of April 29, 2016, unless otherwise noted.

## CAUTIONARY STATEMENT REGARDING FORWARD-LOOKING INFORMATION

---

This Information Circular contains forward-looking statements. Forward-looking statements are statements that relate to future events or financial performance. In some cases you can identify forward-looking statements by the use of terminology such as “may”, “should”, “anticipates”, “believes”, “expects”, “intends”, “forecasts”, “plans”, or the negative of these terms or similar terminology. These forward-looking statements speak only as of the date of forward-looking statements, are only predictions and are subject to known and unknown risks, uncertainties and other factors, including:

- the possibility that the resolutions to be considered at the Meeting are passed;
- actions by the Chair of the Meeting;
- potential shareholder actions before, during or after the Meeting;
- unexpected change of control consequences;
- the status of Mundoro’s assets, financial condition and corporate books and records;
- general economic and market conditions;
- actions of Mundoro’s competitors;
- fluctuations in foreign currency exchange rates;
- risks related to future exploration, development, mining and mineral processing;
- the ability of the Company to obtain or maintain external financing to develop its properties;
- risks associated with potential changes in governmental legislation or regulatory processes;
- risks associated with exploration and development activities abroad;
- the loss of key personnel;
- the ability to implement strategies and pursue business opportunities and financing alternatives after a state of uncertainty; and
- the ability of the Company to maintain adequate internal control over financial reporting.

The Company cautions that the list of risks and assumptions set forth above is not exhaustive. All forward-looking statements in this Information Circular are qualified by these cautionary statements. These risks, as well as risks that the Company cannot currently anticipate, could cause the Company’s or its industry’s actual results, levels of activity or performance to be materially different from any future results, levels of activities or performance expressed or implied by these forward-looking statements. Although the Company believes that the expectations reflected in the forward-looking statements included in this Information Circular are reasonable, the Company cannot guarantee future results, levels of activity or performance. Except as required by applicable law, the Company does not intend to update any of these forward-looking statements to conform them to actual results.

## **PARTICULARS OF MATTERS TO BE ACTED UPON AT THE MEETING**

---

**We will cover three (3) items of business at the Meeting:**

Management and the Board of Directors of Mundoro (the “**Board**”) have made recommendations about how to vote your common shares (“**Shares**”). See below for more details.

**1. Receive the audited consolidated financial statements of the Company for the financial year-ended December 31, 2015.**

The audited consolidated financial statements for the year-ended December 31, 2015, along with management’s discussion and analysis (MD&A) for the same period, as well as the auditor’s report (together the “**Year-End Financial Statements**”) are available on our website at [www.mundoro.com](http://www.mundoro.com) and under the Company’s profile on SEDAR at [www.sedar.com](http://www.sedar.com).

The Board has approved the Year-End Financial Statements of the Company, and the auditor’s report thereon, which will be presented at the Meeting. No approval or other action needs to be taken at the Meeting in respect of these documents.

**2. Election of Directors (see page 8)**

The directors nominated by the Board for 2016 are:

Michael Calyniuk  
Teo Dechev  
John Hoey  
Michael Sheridan  
Graham Brown

Each of the nominated directors is well qualified to serve on our Board and has expressed his/her willingness to do so. The directors of the Company (the “**Directors**”) are elected annually and each person will hold office until the next annual general meeting of the Company or until their successors are duly appointed or elected.

Information about the proposed nominees for election as Directors, all positions and offices in the Company presently held by such nominees, the nominees’ municipality and country of residence, principal occupation at present and during the preceding five years (unless shown in a previous management information circular), the period during which the nominee has served as a Director, and the number of securities of the Company that the nominee has advised are beneficially owned, controlled or directed, by the nominee as of April 29, 2016 is given under *Board of Directors* beginning on page 15.

***Voting Recommendation:***

The Board unanimously recommends that the shareholders elect each of the Directors nominated by management of the Company by voting “**FOR**” each nominee.

**In the absence of contrary instructions, the persons named in the enclosed form of proxy intend to vote FOR the election of the above five (5) proposed Director nominees.**

3. ***Appointment and Remuneration of Auditors (see page 29)***

The Board, on the recommendation of the Audit Committee, has recommended that Pricewaterhouse Coopers LLP ("**PwC**"), Chartered Accountants, of Vancouver, British Columbia be re-appointed as the independent auditor (the "**Auditor**") and serve until the end of the Company's 2017 annual meeting. PwC was first appointed as the Company's Auditor as of 2014.

You will vote on the proposal to re-appoint PwC as the Company's Auditor and authorizing the Board to set the Auditor's pay for 2016.

***Voting Recommendation:***

The Board unanimously recommends that shareholders approve the proposal to re-appoint PwC as Auditor until the next annual meeting of shareholders of the Company or until its successor is appointed, and to authorize the Directors to determine the Auditor's remuneration.

**In the absence of contrary instructions, the persons named in the enclosed form of proxy intend to vote FOR the proposal to re-appoint the Auditor until the next annual meeting of the Company or until its successor is appointed and to authorize the Directors to set the Auditor's remuneration.**

***Please follow the instructions in this Information Circular under "Voting Information and Instructions" with respect to depositing your proxy.***

**YOUR VOTE IS VERY IMPORTANT TO US.**

# VOTING INFORMATION AND INSTRUCTIONS

---

## Who Can Vote

You are entitled to receive notice of and vote at the 2016 Meeting to be held on June 28, 2016 if you held Shares at the close of business on April 29, 2016 (the “**Record Date**”).

## How to Vote

You can vote by proxy or you can attend the Meeting and vote your Shares in person.

Voting by proxy is the easiest way to vote because you are appointing someone else (called your “**Proxyholder**”) to attend the Meeting and vote your Shares for you.

There are different ways to submit your voting instructions, depending on whether you are a registered or beneficial (non-registered) shareholder.

## Determine What Type of Shareholder You Are

There are several steps you must take in order to vote your Shares at the Meeting. For the purpose of voting at the Meeting, you must first determine what type of shareholder you are, a registered shareholder or a beneficial shareholder.

---

<sup>1</sup> Definition of Informed Person (as per National Instrument 51-102, Continuous Disclosure Obligations)

- (a) a director or executive officer of a reporting issuer;
- (b) a director or executive officer of a person or company that is itself an informed person or subsidiary of a reporting issuer;
- (c) any person or company who beneficially owns, directly or indirectly, voting securities of a reporting issuer or who exercises control or direction over voting securities of a reporting issuer or a combination of both carrying more than 10 percent of the voting rights attached to all outstanding voting securities of the reporting issuer other than voting securities held by the person or company as underwriter in the course of a distribution; and
- (d) a reporting issuer that has purchased, redeemed or otherwise acquired any of its securities, for so long as it holds any of its securities.

### **Registered Shareholder**

You are a “**Registered Shareholder**” if your Shares are held in your personal name and you are in possession of a share certificate that indicates the same.

### **Beneficial (Non-registered) Shareholder**

A majority of shareholders are non-registered. You are a “**Beneficial Shareholder**” if your Shares are:

- held in the name of a Nominee.
- deposited with a bank, a trust, a brokerage firm or other type of institution, and such Shares have been transferred out of your name.
- held either (a) in the name of the intermediary that the Beneficial Shareholder deals with (being securities dealers or brokers and trustees or administrators of self-administered RRSPs, RRIFs RESPs and similar plans); or (b) in the name of a clearing agency (such as the Canadian Depository for Securities Limited) with which your Nominee deals.

Follow the steps in the appropriate category below once you have determined your shareholding type. Please note that only Registered Shareholders or duly appointed Proxyholders are permitted to vote at the Meeting.

**The Company will pay for an intermediary to deliver the meeting materials to non-registered shareholders who are “OBOs” as such term is defined in National Instrument 54-101 (*Communications with Beneficial Owners of Securities of a Reporting Issuer*) (“NI 54-101”), including a voting information form. The Company will not rely on the notice and access delivery procedures outlined in NI 54-101 to distribute copies of proxy-related materials in connection with the Meeting.**

### **Registered Shareholder – Voting Instructions**

You are a Registered Shareholder if you hold Shares in your name.

### **Voting by Proxy**

John Hoey, or failing him, Teo Dechev, have agreed to act as the “**Mundoro Proxyholders**”.

**You can appoint someone other than these Mundoro Proxyholders to attend the Meeting and vote on your behalf.** If you want to appoint someone else as your Proxyholder, print the name of the person you want in the space provided. This person does not need to be a shareholder.

**On any ballot, your Proxyholder must vote your Shares or withhold your vote according to your instructions and if you specify a choice on a matter, your Shares will be voted accordingly.** The enclosed proxy form provides the Proxyholder with discretionary authority regarding amendments or variations to matters identified in the Notice of Meeting and any other matter that may properly come before the Meeting.

If you appoint the Mundoro Proxyholders but do not tell them how to vote your Shares, your Shares will be voted:

- **FOR** the nominated Directors listed on the proxy form and in this Information Circular; and
- **FOR** re-appointing Pricewaterhouse Coopers as the Auditor and authorizing the Board to set the Auditor’s pay.

This is consistent with the voting recommendations by the Board and Management. If you appoint someone other than the Mundoro Proxyholders to be your Proxyholder, that person must attend and vote at the Meeting for your vote to be counted.

A proxy will not be valid unless it is signed by the Registered Shareholder, or by the Registered Shareholder's attorney with proof that they are authorized to sign. If you represent a Registered Shareholder who is a corporation or association, your proxy should have the seal of the corporation or association if required, and must be executed by an officer or an attorney who has written authorization. If you execute a proxy as an attorney for an individual Registered Shareholder, or as an officer or attorney of a Registered Shareholder who is a corporation or association, you must include the original or a notarized copy of the written authorization for the officer or attorney, with your proxy form.

If you are voting by proxy, send your complete proxy by fax or mail to Computershare Trust Company, the Company's tabulator. Computershare must receive your proxy by **10 a.m.** (Vancouver time) on **June 24, 2016** or two business days before the Meeting is reconvened if it is postponed or adjourned.

The chairman of the Meeting has the discretion to accept late proxy forms.

### ***Attending the Meeting and Voting in person***

Please complete the enclosed proxy even if you plan to attend the Meeting and vote in person. When you arrive at the Meeting, simply register with a representative from Valiant Trust Company and indicate, if necessary, that you would like to revoke any proxy previously deposited and vote your Shares in person at the Meeting. If the Shares are in the name of a corporation, trust or fund, supporting documentation will be required to evidence authority to vote the Shares in person at the Meeting. The easiest way to represent Shares held in a corporation's name, fund or trust is to send in a proxy/voting instruction form appointing an individual to vote the Shares at the Meeting.

### ***Changing Your Vote***

You can revoke your proxy by sending a new completed proxy form with a later date, or a written note signed by you, or by your attorney if he or she has your written authorization. You can also revoke your proxy in a manner permitted by law.

If you represent a Registered Shareholder who is a corporation or association, your written note must have a seal of the corporation or association, and must be executed by an officer or an attorney who has their written authorization. The written authorization must accompany the revocation notice.

Send the signed written notice to:

1. The offices of the tabulator, Computershare Trust Company, 8<sup>th</sup> Floor, 100 University Avenue, Toronto, Ontario, M5J 2Y1, at any time, not less than 48 hours, excluding Saturdays, Sundays and holidays, preceding the Meeting or any postponement(s) or adjournment(s) of the Meeting at which the proxy is to be used;
2. Mundoro's office on 1040 West Georgia Street, 15th Floor, Vancouver, B.C. V6E 4H1, at any time up to and including the last business day preceding the day of the Meeting at which the proxy is to be used; or
3. The Chairman of the Meeting on the day of the Meeting or any postponement(s) or adjournment(s) of the Meeting. If you have sent in your completed proxy form and since decided that you want to attend the Meeting and vote in person, you need to revoke the proxy form before you vote at the Meeting.

## **Beneficial (non-registered) Shareholders – Voting Instructions**

You are a beneficial (non-registered) shareholder if your Shares are registered in the name of:

- your bank, trust company, securities dealer or broker, trustee, administrator, custodian or other intermediary, who holds your Shares in a nominee account; or
- a clearing agency like Canadian Depository for Securities Limited.

### ***Voting using the Voting Instruction Form***

Sign and date the voting instruction form your intermediary sends to you, and follow the instructions for returning the form. Your intermediary is responsible for properly executing your voting instructions.

### ***Attending the Meeting and Voting in Person***

Follow the instructions on the voting instruction form from your intermediary which grants you the right to attend the Meeting and vote in person.

When you arrive at the Meeting, make sure you register with a representative from Valiant Trust Company so your voting instructions can be taken at the Meeting.

### ***Changing Your Vote***

Contact your intermediary right away so they have enough time before the Meeting to arrange to change the vote and, if necessary, revoke the proxy.

### **Processing the Votes**

Our tabulator, Valiant Trust Company, or its authorized agents count and tabulate votes on our behalf.

### **Quorum**

We need a quorum of shareholders to transact business at the Meeting. According to the Company's Articles, a quorum is two persons who are, or who represent by proxy, shareholders who, in aggregate, hold at least 5% of the issued Shares entitled to be voted at the Meeting. Voting persons are Registered Shareholders, their duly authorized representatives, or Proxyholders entitled to vote at the Meeting.

If a quorum is not reached within 30 minutes of the commencement of the Meeting, the Meeting will be adjourned to the same time and date of the following week (Tuesday, July 5, 2016 – 10 am). If a quorum is still not reached within 30 minutes of the commencement of the adjourned meeting, those present will constitute a quorum.

### **Proxy Solicitation**

**Proxies are being solicited by the Directors and management of Mundoro in connection with the Meeting.** It is expected that the solicitation of proxies will be primarily by mail and may be supplemented by telephone, facsimile or other personal contact made, without special compensation, by the Directors and officers of Mundoro. Costs of the solicitation will be covered by the Company.

# ***BOARD OF DIRECTORS***

---

## **About the Board**

Our Board oversees management, who is responsible for the day to day conduct of our business.

The Board is responsible for, among other things:

- Acting in good faith in the Company's best interests;
- Exercising care, diligence and skill in carrying out its duties and responsibilities; and
- Meeting its obligations under the *Business Corporations Act* (British Columbia) (the "Act"), the Articles, and any other relevant legislation and regulations governing our business.

The Board is guided by a mandate (the "**Board Mandate**") that was updated and adopted on January 7, 2015 and is reviewed annually. The full text of the Board Mandate can be found on Mundoro's website under *Our Company/Governance*.

## ***Duties and Responsibilities***

The Board works with management to establish long-term goals and strategic planning process, and is responsible for monitoring our progress in achieving our corporate strategy.

We have a highly engaged Board that takes an active role in:

- Assessing and monitoring internal systems for managing the risks of our business.
- Establishing our standards of ethics, risk management, compliance with applicable laws and regulatory policies, financial practices, disclosure and reporting.

The Board Mandate describes the Board's responsibility for stewardship, including:

- Being satisfied with the integrity of the President & CEO and other executive officers, and their effort in creating a culture of integrity throughout the organization.
- Adopting a strategic planning process, and approving the strategic plan at least once a year; the strategic plan must address the opportunities and risks of our business, among other things.
- Identifying the principal risks of our business and ensuring we implement appropriate systems to manage these risks.
- Adopting a communications policy.
- Developing our approach to corporate governance, including specific governance principles and guidelines for Mundoro.

## ***What We Expect of Our Directors***

We expect our Directors to act in the Company's best interests when they are elected to our Board. They are responsible for understanding the roles and responsibilities of the Board as a whole and their individual role as director, as mandated in our Business Code of Conduct and Ethics.

## **Number of Directors**

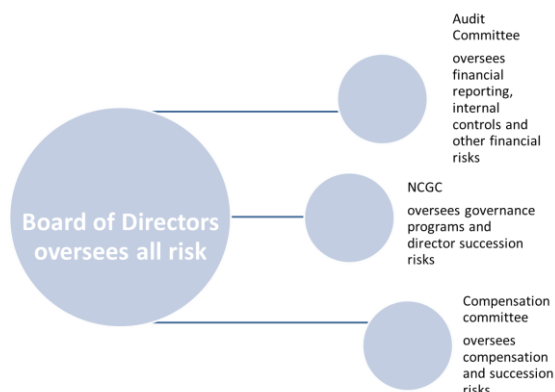

The Board has decided that five (5) Directors will be nominated for election this year based on the skills and experience the Board believes is necessary to effectively fulfill its duties and responsibilities.

## Strategic planning

The board, in consultation with management, oversees the development, progress and fulfillment of Mundoro's strategic goals. At least one board meeting per year is used for strategic planning with our directors. At these meetings the board reviews the strategic plan, developed by Management, in detail taking into consideration both the opportunities and risks of the business. The strategic objectives are reviewed by the board with adjustments to the plan discussed and implemented as needed. The board reviews and approves the budget for the ensuing year. Management's progress in meeting our strategic goals is reviewed by the board throughout the year and considered when determining compensation.

## Risk management

The board is responsible for understanding the principal risks associated with our business and regularly monitoring the systems in place to manage those risks effectively. Our board delegates responsibility for certain elements of risk oversight to the various committees to ensure appropriate expertise, attention and diligence as represented in the chart below.

## Election of Directors

### Advance Notice Provision

Pursuant to the Company's Advance Notice Policy, any additional director nominations for an annual general meeting must be received by the Company not less than 30 nor more than 65 days prior to the date of the meeting.

The five (5) Directors on your Board and who are standing for election at the Meeting are:

- Michael Calyniuk
- Teo Dechev
- John Hoey
- Michael Sheridan
- Graham Brown

### About the Nominated Directors

The elected directors will serve for a one-year term or until a successor is elected or appointed. Michael Calyniuk, Teo Dechev, John Hoey, and Michael Sheridan served on the Board since the last Annual General Meeting of shareholders.

### Director Profiles

This section profiles each of the nominated Directors, including background and experience, participation on our Board and Board committees and meeting attendance in 2015, shareholdings in Mundoro and directorships of other public companies. Each of the nominated Directors is willing to serve on our Board until our next shareholders' meeting.

**THE BOARD RECOMMENDS THAT YOU VOTE "FOR" EACH OF THESE DIRECTOR NOMINEES.**

## Cease Trade Orders and Bankruptcies

None of the Director nominees is, as at the date of this Information Circular, or has been, within ten years before the date of this Information Circular:

- (a) a director, chief executive officer or chief financial officer of any corporation (including Mundoro) that:
  - (i) was subject to an order that was issued while the Director nominee was acting in the capacity as director, chief executive officer or chief financial officer; or
  - (ii) was subject to an order that was issued after the Director nominee ceased to be a director, chief executive officer or chief financial officer and which resulted from an event that occurred while that person was acting in the capacity as director, chief executive officer or chief financial officer;
- (b) a director or executive officer of any corporation that, while such Director nominee was acting in that capacity, or within a year of such Director nominee ceasing to act in that capacity, became bankrupt, made a proposal under any legislation relating to bankruptcy or insolvency or was subject to or instituted any proceedings, arrangement or compromise with creditors or had a receiver, receiver manager or trustee appointed to hold its assets; or
- (c) someone who became bankrupt, made a proposal under any legislation relating to bankruptcy or insolvency, or became subject to or instituted any proceedings, arrangements or compromise with creditors, or had a receiver, receiver manager or trustee appointed to hold the assets of such director nominee.

For the purposes of section (a) above, the term "**order**" means a cease trade order, an order similar to a cease trade order or an order that denied the relevant corporation access to any exemption under securities legislation that was in effect for a period of more than 30 consecutive days.

## Penalties and Sanctions

As of the date of this Information Circular, no Director nominee has been subject to:

- (a) any penalties or sanctions imposed by a court relating to securities legislation or by a securities regulatory authority or has entered into a settlement agreement with a securities regulatory authority; or
- (b) any other penalties or sanctions imposed by a court or regulatory body that would likely be considered important to a reasonable security holder in deciding whether to vote for a proposed director.

## Board Independence

Mundoro has a majority independent Board, as four of five Directors are independent. Independence status is based on the standards set forth in National Instrument 52-110 ("**NI 52-110**") and other policies and standards as deemed necessary or relevant by the Board. The four independent Directors are Michael Calyniuk, John Hoey, Graham Brown and Michael Sheridan. In accordance with NI 52-110, Teo Dechev is precluded from being considered independent as she has a material relationship with, and is an Executive Officer (President and CEO) of, Mundoro.

## Committees of the Board

The Board carries out its mandate directly or through its Committees, which are comprised of entirely independent Directors. Independence standards are detailed under *Independence of Directors* above.

The Board has constituted three committees of the Board, specifically the:

- Audit Committee;
- Compensation Committee; and
- Nominating and Corporate Governance Committee.

Each committee of the Board is re-constituted following the annual meeting of shareholders each year.

### **Audit Committee**

The Audit Committee is comprised of three independent<sup>2</sup> and financially literate<sup>3</sup> directors, namely:

- Michael Calyniuk (Chair)
- John Hoey
- Michael Sheridan

### Relevant Education and Experience

Table 1 on page 23 below sets out the education and experience of each member of the Audit Committee that is relevant to the performance of his responsibilities as an Audit Committee member.

**Table 1: Relevant Education and Experience – Audit Committee Members**

---

<sup>2</sup> To be considered independent, a member of the Audit Committee must not have any direct or indirect 'material relationship' with the Company. A material relationship is one which could, in the view of the Board, reasonably interfere with the exercise of a member's independent judgment.

<sup>3</sup> To be considered financially literate, a member of the Audit Committee must have the ability to read and understand a set of financial statements that present a breadth and level of complexity of accounting issues that are generally comparable to the breadth and complexity of the issues that can reasonably be expected to be raised in the Company's financial statements.

### Audit Committee Charter

The Audit Committee is guided by the Audit Committee Charter and is responsible for:

- Overseeing financial reporting, internal controls, the audit process and the Company's public disclosure as it relates to financial statements;
- Oversight of the Code of Business Conduct and Ethics;
- Recommendation of the appointment of the Auditor and review of the annual audit plan and Auditor remuneration;
- Pre-approval of audit, audit-related and tax services to be provided by the Auditor; and
- Reviewing our hiring policies for former employees in an audit or finance role and the terms of engagement for the Auditor.

The full text of the Audit Committee Charter can be found as Schedule "A" to this Information Circular and on Mundoro's website under *Our Company/Governance*.

### Pre-Approval Policies and Procedures

The Audit Committee is responsible for pre-approving all non-audit services to be provided by the external auditor to the Company other than *de minimis* non-audit services referred to in Section 2.4 of NI 52-110. The Audit Committee also has the authority to engage independent legal counsel and other advisors as it determines necessary to carry out its duties and responsibilities.

In general, we seek to obtain non-audit services from our Auditor only when the services offered by our Auditor are more effective or economical than services available from other service providers, and, to the extent possible, only after competitive bidding. These determinations are among the key practices adopted by the Audit Committee effective during fiscal 2010. The Board has adopted policies and procedures for pre-approving work performed by our Auditor.

After careful consideration, the Audit Committee of the Board has determined that payment of the above audit fees is in conformance with the independent status of our Company's Auditor. Before engaging the Auditors in additional services, the Audit Committee considers how these services will impact the entire engagement and independence factors.

### Reliance on Certain Exemptions

At no time since the commencement of the Company's most recently completed financial year has the Company relied on the exemption in section 2.4 (De minimis Non-Audit Services) of NI 52-110 or an exemption from NI52-110 granted under Part 8 thereof.

## Compensation Committee

The Compensation Committee is comprised of three independent Directors, namely:

- Michael Sheridan (Chair)
- John Hoey
- Michael Calyniuk

### Relevant Skills and Experience of Committee Members

The members of Mundoro’s Compensation Committee are well-versed in executive compensation strategies and issues. The Compensation Committee has supplemented its internal expertise with that of an outside expert when required (see *Compensation Advisors and Industry Benchmarking on page 33*). Full biographies for members of the Compensation Committee can be found beginning on page 15 under *Director Profiles*.

**Table 1: Relevant Education and Experience – Compensation Committee Members**

Member	Education/Experience
Michael Sheridan (Chair)	<ul style="list-style-type: none"><li>• Mr. Sheridan brings his depth of knowledge and experience in compensation to the Committee.</li></ul>
John Hoey	<ul style="list-style-type: none"><li>• Mr. Hoey has served on numerous public company compensation committees including those of Tethys Oil AG, UBAF AFAB American Bank and Vietnam Holding Limited. As a founder of numerous private investment companies,</li></ul>
Michael Calyniuk	<ul style="list-style-type: none"><li>• Mr. Calyniuk, as part of providing business advisory services to organizations, has provided advice on executive compensation, related incentive arrangements and benefits. Also, in one of his past global leadership roles he was responsible for recruiting, and establishing the compensation arrangements for, his immediate globally located executive team in conjunction with the executives respective local country human resource groups.</li></ul>

The Compensation Committee is responsible for:

- Assisting management in developing Mundoro’s compensation structure, including the compensation policies and programs for our Directors and executives; and
- Annually evaluating the performance of the CEO and recommending her compensation, along with the compensation of the other executive officers of Mundoro, to the Board for review and approval (with the CEO abstaining from participation or discussion at the Board level regarding her performance and compensation).

The Compensation Committee conducts a thorough compensation review every year to assess:

- The competitiveness of our cash and stock-based compensation for our Directors and Officers;
- Whether the overall compensation continues to support our goals of attracting, motivating and retaining executive officers with exceptional leadership and management skills; and
- The overall compensation for our Directors and Officers and whether the components are applied appropriately.

The Compensation Committee met on December 15, 2015.

Further discussion regarding the compensation of Directors and Officers can be found under *Compensation Overview, Executive Compensation and Non-Executive Director Compensation* starting on pages 32, 38 and 26, respectively.

### ***Nominating and Corporate Governance Committee***

The Nominating and Corporate Governance Committee (the “**NCG Committee**”) is comprised entirely of independent Directors, namely:

- John Hoey (Chair)
- Michael Sheridan
- Michael Calyniuk

The NCG Committee has primary responsibility for:

- Reviewing and implementing our corporate governance policies and practices;
- Monitoring our risk management program;
- Reviewing the size and composition of the Board annually, including evaluating the competencies of the Directors individually and the Board as a whole and defining the skills, characteristics and experience necessary for an effective Board;
- Facilitating the succession planning, nomination and recruitment of Directors to the Board;
- Managing the appointment of Board committees; and
- Managing the evaluation and assessment process as it relates to the Board.

The Nominating and Corporate Governance Committee met on December 15, 2015.

## **Director Compensation**

---

### ***Retainers and Fees***

Annual Board, committee chair and Board chair retainers are paid quarterly to each eligible independent Director. Absent a compelling reason, Directors are expected to be present at every meeting of the Board and committee (of which the Director is a member) each year. As Board members reside in many different geographic locations, a Director is considered in attendance regardless of whether they attend by phone or in person. Directors may be invited to attend committee meetings of committees which they are not members, in order to benefit from presentations or discussion.

**Table 2: Independent Director Fee Structure – Board and Committees of Mundoro** (presented in CDN dollars)

Retainer/Fee	Amount as of January 1, 2013	Amount as of January 1, 2016
Annual Board Member Retainer <sup>1</sup>	\$15,000	\$10,500

Other Meeting Fee <sup>2</sup>	\$ 1,000	\$700
Travel Fee <sup>3</sup>	\$ 1,000	\$700

Footnotes:

1. This fee is paid quarterly.

2. This fee is provided for each day the Director is required to attend business meetings on behalf of Mundoro and is paid upon completion of the meetings upon presentation of an invoice.
3. This travel fee applies per day for travel to and from meetings if required to attend from out of town to a maximum of one day within North America and two days outside of North America.
4. The meeting fee is a per diem fee. That is, if several meetings are held on one day, they will collectively count as one meeting.

Presently, all of these options are underwater and have no monetary value.** Grant date fair value calculations are based on the Black-Scholes Option Pricing Model. Option-pricing models require the use of highly subjective estimates and assumptions including the expected stock price volatility. Changes in the underlying assumptions can materially affect the fair value estimates and therefore, in management's opinion, existing models do not necessarily provide a reliable measure of the fair value of the Corporation's share and option-based awards. The Black Scholes model was used to compute option fair values because it is the most commonly used option pricing model and is considered to produce a reasonable estimate of fair value. There is no difference between the fair value in accordance with the International Financial Reporting Standard 2 calculated by use of Black Scholes option pricing model and the amount accounted for on the date options were granted.

### Specific Notes

1. The value of options vested in the fiscal year ended December 31, 2015 is calculated as if options had been exercised on their vest date in 2015 based on market price on the vest date of the options (Value (\$) = (# options vested in 2015 x market price on vest date in 2015) – (# options vested in 2015 x option exercise price).
2. The value of vested unexercised in-the-money options is calculated based on the close of market price on December 31, 2015. At December 31, 2015, the option exercise price was higher than the market price and as such all vested unexercised options were underwater.
3. Michael Sheridan was appointed as a Director on May 15, 2013.
4. The market close price on January 14, 2015 was \$0.16 and, therefore, these options were underwater on their vest date.

### General Notes:

- The market price at close-of-market on December 31, 2015 was \$0.05.
- On January 19, 2015 the Company granted 522,500 stock options to directors, officers and consultants of the Company.

## Share Ownership Guidelines

The Company does not have any Director Share ownership guidelines in place at this time.

## ***APPOINTMENT OF AUDITORS***

---

PwC reports directly to the Audit Committee of Mundoro. Before PwC is engaged by Mundoro or its subsidiaries to render additional audit or non-audit services, the engagement is reviewed, and must be approved by, the Audit Committee. All audit, audit-related, tax and other services provided by PwC since appointment in 2014 have been approved by the Audit Committee.

### **Audit Partner Rotation**

In compliance with applicable law, the lead audit partner of our Auditor, PwC, is rotated every seven (7) years. The current audit partner has been in place for one (1) year.

### **Audit Fees**

Table 5 below discloses the fees billed to Mundoro by our external auditors during the last two financial years.

**Table 5: External Auditor Service Fees – 2013, & 2014**

<b>Financial Year Ended</b>	<b>Audit Fees<sup>1</sup></b>	<b>Audit Related Fees<sup>2</sup></b>	<b>Tax Fees<sup>3</sup></b>	<b>All Other Fees<sup>4</sup></b>
<b>December 31, 2015</b>	40,000	3,000		26,909
<b>December 31, 2014</b>	40,000	3,000		10,500

Footnotes:

1. The aggregate fees billed by the external auditors for audit fees.
2. The aggregate fees billed for assurance and related services that are reasonably related to the performance of the audit or review of the Company's financial statements and that are not disclosed in the "Audit Fees" column.
3. The aggregate fees billed for professional services rendered by the external auditors for tax compliance, tax advice and tax planning.
4. All other fees billed by the external auditors for products and services not included in the foregoing categories. In 2013, 'Other Fees' were billed by the external auditors for review of the Company's change of presentation currency during Q1 2013, as well as for corporate structure consultations. In 2014, "Other Fees" were billed by the external auditors for advice regarding corporate structuring.

# CORPORATE GOVERNANCE

---

Management and the Board are committed to good governance practices. We are committed to high standards of legal and ethical conduct, and believe in the importance of full, accurate, clear and timely disclosure, and openly communicating with our various stakeholders. We comply with corporate governance guidelines and disclosure standards that apply to Canadian companies listed on the TSX-V and corporate governance guidelines that apply to us. As per National Instrument 58-101 (“**NI 58-101**”), Mundoro is pleased to provide shareholders with a synopsis of its corporate governance practices.

## **Board of Directors**

Information regarding independence of Directors and directorships they hold in other public companies can be found under *Director Profiles* beginning on page 14.

## **Nomination of Directors**

The Board, either on its own or through the NCG Committee, considers the skills and attributes that would be required of a new Director. The Board has identified current Directors’ strengths and weaknesses (as a collective and as individuals) in various areas of skill, experience and competency and allows the Board to evaluate what competency areas are lacking or could be better represented on the Board. Members of the Board and representatives of the mineral exploration/production industry are consulted for possible candidates.

The Board has adopted, and shareholders have approved, an Advance Notice Policy that sets forth the procedures, including notice requirements, for nomination of a Director with respect to an annual general meeting or any special meeting of shareholders if one of the purposes for which the special meeting was called was the election of Directors.

## **Ethical Business Conduct**

### ***Code of Business Conduct and Ethics***

The Mundoro Code of Business Conduct and Ethics (the “**Code**”) sets forth the standards of integrity, honor and ethical conduct that the Board and management of the Company expect of all Directors, officers, employees and contractors (collectively, the “**Employees**”) of the Company. Complying with the Code and maintaining high standards of business conduct are mandatory and the Board relies on the oversight of the Company’s internal controls to monitor compliance with the Code.

The Code addresses six key areas:

1. handling conflicts of interest, including transactions and agreements where a Director or executive officer has a material interest;
2. protecting and properly utilizing corporate assets;
3. keeping corporate information confidential;
4. treating Mundoro’s shareholders, employees, customers, suppliers and competitors fairly;
5. complying with laws, rules and regulations; and
6. reporting any illegal or unethical behavior.

Every Employee is required to read and sign a copy of the Code upon joining Mundoro. Signature indicates an Employee has understood the Code and agrees to abide by it during their relationship with Mundoro. The goal of the Board and the Company is to ensure all Employees are both aware, and in understanding, of the Code, its

seriousness and their responsibilities. The Code was originally adopted in April 2008 and most recently amended in January 7, 2015. The Code is reviewed on an annual basis by the NCG Committee and the Board.

### ***Whistleblower Policy***

In addition to, and to support the Code, the Board has approved and adopted a Whistleblower Policy and a Disclosure, Confidentiality and Insider Trading Policy. The Company has made a separate whistleblower email for the Chair of the Audit Committee available for Employees to use to report violations of the Code in a confidential and safe manner. Any reports of misconduct under the Code would ultimately be communicated to the Audit Committee. The Board is not aware of any waivers or instances of unethical conduct of any Employees under the Code in the preceding year and as such no material change reports to that effect have been filed. The Chair of the Audit Committee would report to the Auditors regarding any known or suspected fraudulent activities of any Employees of the Company. Management applies the highest standard of ethical behavior and sets the tone from the top for a culture of ethical business conduct.

A copy of the Code, along with the Whistleblower Policy and the Disclosure, Confidentiality and Insider Trading Policy, are available on Mundoro's website under *Our Company/Governance* and by contacting the Company's Corporate Secretary.

### ***Conflicts of Interest***

Certain of the Directors of Mundoro also serve as Directors or officers, or have significant shareholdings in, other companies involved in mineral property investments and, to the extent that such other companies may participate in ventures which Mundoro may participate in, a conflict may arise. The Company expects that any decision made by any of such Directors and officers will be made in accordance with their duties and obligations to deal fairly and in good faith with a view to the best interests of the Company and its shareholders, but there can be no assurance in this regard. In addition, each of the Directors is required to declare and refrain from voting on any matter in which such Directors may have a conflict of interest in accordance with the procedures set forth in applicable laws.

### **Orientation and Continuing Education**

#### ***New Director Orientation***

Mundoro has not yet developed an official orientation and training program for Directors, however when new Directors join the Board, they are briefed on the Company's strategy and operations in their initial meeting with other Directors, a meeting with the CEO, reviewing relevant reports on company projects, governance policies and other such relevant information as required.

#### ***Director Education***

Directors remain up to date on governance matters by attending educational sessions on topics of interest or concern to directors organized by various third parties such as the Institute of Corporate Directors, local accounting firms and others. Directors may attend externally organized educational sessions at the expense of the company. Committee members are encouraged to attend courses or seminars directly related to the duties of their committees. Various Directors have participated in outside education sessions, some of which include but are not limited to the following topics:

- the Directors Education Program of the Institute of Corporate Directors (ICD);
- the National ICD Conference;
- various monthly seminars presented by the British Columbia ICD Chapter;
- Public accounting firms seminar updates for directors in the area of current issues in regards to accounting, auditing, and regulatory issues.

## **Compensation**

Please see: (1) *Compensation Approval Process* on page 36 for information relating to the process of determining compensation for Officers of Mundoro, and (2) *Non-Executive Director Compensation* on page 26 for information relating to the Company's Compensation Committee and Independent Director Compensation. Information on the compensation philosophy of the Company, industry benchmarking and other items related to compensation can be found under *Compensation Overview* below.

## **Board Evaluations**

The board undergoes an annual assessment designed to determine the effectiveness of the board, the committees of the board and the individual directors. This assessment consists of an evaluation questionnaire, reviewed annually, and designed to encourage candid feedback on the effectiveness and contribution of individual directors, the committees, the board and management. Upon completion of the written questionnaire, the Chairman, or external counsel, tabulates the results and provides report to the NCGC. The NCGC is responsible for the review of the survey results and makes recommendations to the board regarding the assessment and the results.

## **Site visits**

In September 2014, the directors visited our operations in Serbia and Bulgaria. During this visit, meeting with local management and visiting the projects to confirm that site practices were aligned with corporate reporting.

## **Diversity**

We support diversity at all levels of the organization, including the board of directors. The NCGC considers diversity when evaluating new candidates for director and executive positions. The board has not adopted a written policy relating to the identification and nomination of women directors or executive officers or set specific minimum targets for board or executive officer composition at this time. The board believes that each potential nominee should be evaluated based on his or her individual merits and experience, taking into account the needs of the company and the current composition of the board and management team, including the current level of representation of women in such positions.

# ***STATEMENT OF EXECUTIVE COMPENSATION***

---

## **Compensation Philosophy**

In a competitive industry, and as a junior exploration company, it can be difficult to attract and retain qualified, highly skilled, experienced individuals. We believe that to be successful in attracting and retaining great talent, we must provide a competitive and relevant compensation package that:

- aids in the motivation and encouragement of performance with the ultimate goal of increasing stakeholder value;
- recognizes the competitive standards of the mineral resources industry;
- reflects the scope and responsibilities of the individual and the comparison of those elements with others in similar positions and with similar responsibilities in our industry;
- aligns executives' interests with shareholder interests and the long-term success of the Company; and

- acknowledges and abides by the reporting requirements of securities and corporate governance regulators promoting clear and transparent disclosure and thereby earning and maintaining the trust of our shareholders.

### **Compensation Advisors and Industry Benchmarking**

Periodically, outside advisors are engaged to review the adequacy of the compensation package of our officers and Directors. With benchmarking analysis compares, our pay levels and compensation practices with others in the industry and/or market in which we compete for talent. This provides valuable information that will allow us to make adjustments, if necessary, to attract and retain the best individuals to meet our needs as a company and in providing value to our shareholders.

In late 2013, the Company engaged IntierraRMG (“IRMG”), an independent firm, to provide analysis of elements of compensation for Mundoro's industry peers. The purpose was to update a March 2012, report by Mercer (Canada) Limited (“Mercer”), which compared competitiveness of the Company’s compensation practices against a peer group of 13 mining companies (the “Peer Group”). The IRMG report updated Mercer's analysis and broadened the Peer Group to 28 Canadian-listed, junior mining companies with operations in similar stages of exploration, complexity, management experience, international focus, market capitalization and financial circumstances. Based on the analyses of both the Mercer and IRMG reports, the Board believes the compensation strategy of the Company is in line with industry practices. In 2014 and 2015, the Company did not engage an independent compensation consultant for director and officer compensation.

The Compensation Committee of the Company is responsible for engaging these independent advisors and for making recommendations to the Board with respect to Director and executive officer compensation based on the results of the compensation consultants findings, but also on other appropriate and important factors and considerations they as a committee feel should influence the compensation packages proposed and offered to the officers of the Company.

As part of Mundoro’s ongoing budget reviews and goal to reduce corporate costs the Board, on December 15, 2015, approved a 30% reduction in the Chief Executive Officer salary and board fees effective January 1, 2016.

### **Executive Compensation-Related Fees**

There are no executive and director compensation related fees for third party consultants in 2015.

### **Compensation Objectives**

Mundoro’s goal is to provide competitive compensation packages in line with industry standards and the activity and scope of the Company. The Company’s compensation program includes two components: base salary and long-term incentives in the form of stock options.

### ***Key Elements of Compensation***

The key elements of Mundoro’s compensation packages are outlined in Table 6 and explained in more detail below.

**Table 6: Key Elements of Compensation**

<b>Elements</b>	<b>Form</b>	<b>Performance Period</b>
<b>Base Salary</b>	Cash	1 year
<b>Long-term incentives</b>	Stock Options	Greater than 1 year

### ***Base Salary***

Base salary is the amount of compensation paid before adding allowances, incentives or bonuses. It recognizes the contribution of employees, level of experience, education and abilities, while remaining competitive in the market place and mindful of the size and development stage of the Company. Base salary for each employee and executive officer's position is primarily determined with regard for the employee's responsibilities, individual performance, overall corporate performance, and through the assessment of the market environment, conditions and competitiveness using (in the case of executive officers) independently published compensation surveys.

### ***Long-term Incentives - Stock Options***

The Board may, from time to time, grant stock options to Employees under the Company's 2011 Amended and Restated Stock Option Plan (the "**Plan**"). Grants are intended to encourage commitment to the Company's growth and the enhancement of shareholder value and to reward optionees for the Company's performance through appreciation in Share value. The size of individual stock option awards to employees and contractors is reviewed, determined and approved by the Board. In the case of executive officers and Directors of the Company the option award is reviewed and approved by the Compensation Committee and then by the Board.

The Board considers the following criteria in awarding options to an individual:

- current and expected future performance;
- level of responsibility and authority;
- overall importance of the person and position to the current welfare of the Company;
- the degree to which each employee's long-term potential and contribution will be key to the longer-term success of the Company; and
- the number and term of outstanding options already granted (and either held, exercised or expired) to an employee or executive.

The number of Shares which may be subject to option in favor of any one individual is limited under the terms of the Plan and cannot be increased beyond such specified limit without shareholder and stock exchange approval. The principal terms of the Company's Plan are described below.

### **Stock Option Plan**

The Company currently has a non-rolling fixed Plan that was approved by shareholders of Mundoro on May 27, 2011 and amended by the Board on March 26, 2012. A fixed plan allows the Company to issue options that upon exercise will be less than or equivalent to up to 3,791,177 Shares, which represented 10% of the issued and outstanding Shares of the Company at the effective date of the Plan. As at the date of this Information Circular, a total of 3,345,000 options, representing 7.64% of the Shares of the Company (and 88.2% of the Plan reserve) have been granted. There are 446,177 options available for grant under the Plan. Should the Company wish to reserve additional shares to be available for grant under the Plan, the approval of disinterested shareholders would be required.

The Plan is the only equity-based compensation plan the Company currently has arranged.

### ***Eligibility***

Persons eligible under the Plan are directors, officers, employees and consultants of the Company and persons employed by an entity providing management services to the Company (except for investor relations activities).

### *Option Term*

Options expire on the expiration date set forth in each individual option certificate, as determined by the Board, and must be exercised, if at all, on or before the expiration date. Options can be issued up to a maximum term of five years, unless extended as per the provisions noted in *Blackout Periods* below. The Board determines vesting schedules for each respective grant of options.

### *Grant Date and Exercise Price*

Option grants may be made at times throughout the year upon recommendation of the Compensation Committee (in the case of executive officers and Directors) and/or the Board. All option grants, regardless of the recipient, require approval of the Board. The exercise price is set when the option is granted and at the discretion of the Board but shall not be less than the discounted market price (as defined by the TSX-V) on the day the option is granted. The Company does not grant options during a Company-imposed trading blackout period.

The exercise price of outstanding options may be amended, however, any amendments to the exercise price of options granted to insiders requires the approval of disinterested (those not affected by the amendment) shareholders.

### *Blackout Periods*

A blackout period is a period in which no employees, officers, Directors or insiders of the Company are permitted to buy or sell the Company's securities. During a blackout period, trading prohibitions do not apply to the acquisition of securities through the exercise of stock options or Shares issued under similar incentive plans (of which the Company currently has none), but do apply to the sale of securities acquired through the exercise of stock options or similar securities under an incentive plan (of which the Company has none). At the discretion of the Chair of the Board, the Company can issue blackout periods from time to time as a result of special circumstances. In the case of scheduled events throughout the year, such as the release of interim and annual financial results, prescribed blackout parameters apply. The blackout period parameters are detailed in the Company's *Disclosure, Confidentiality and Insider Trading Policy*, posted on our website under *Our Company/Governance*. If an Optionee's options expire during a blackout period, the Optionee has the right to hold and exercise the affected options up to and including ten business days past the end of the blackout period (this is not considered an extension of the option period). At the end of the tenth day, if the options have not been exercised, they will be considered expired and will be cancelled.

### *Amendments to the Plan*

The Board may, without shareholder approval, at any time amend, suspend or terminate the Plan or any option granted under the Plan, including, changes of a clerical or grammatical nature, changes regarding the persons eligible to participate in the Plan, changes regarding the person's right to exercise options after he or she ceases to be an eligible participant and changes regarding the vesting of options; provided however that such amendment, suspension or termination is in accordance with applicable laws and the rules of the TSX-V provided that no such amendment, suspension or termination shall be made at any time to the extent such action would materially adversely affect the existing rights of an person with respect to any then outstanding options, as determined by the Board acting in good faith, without his or her consent in writing.

## Options Outstanding and Shares Reserved for Issue

Table 7 below details the Company's compensation plans under which equity securities are authorized for issuance at December 31, 2015, the end of the Company's most recently completed fiscal year.

**Table 7: Securities Authorized for Issuance Under Equity Compensation Plans at December 31, 2015**

(b)	Number of securities remaining available for future issuance under equity compensation plans (excluding securities reflected in column (a)) (c)
Equity Compensation Plans approved by shareholders	2,815,000	\$0.35	1,563,678
Equity compensation plans not approved by shareholders	N/A	N/A	N/A
<b>Total</b>	<b>2,815,000</b>		<b>1,563,678<sup>1</sup></b>

1. For information regarding outstanding options available as at the April 29, 2016 record date, for the MIC please refer to page 29 under Stock Option Plan

## Restricted Share Unit Plan

The Company has a Restricted Share Unit ("RSU") Plan that was enacted in 2008 and amended in 2009. The RSU plan promotes share ownership in the company and serves as a retention incentive for our directors and officers. The value of RSUs redeemed is dependent on the share price at the time of redemption, which can be higher or lower than the value reported at the time of grant, linking our directors and officer's experience to that of our shareholders. RSU awards typically vest in three tranches over three years.

There are currently no RSUs authorized or issued under such plan.

## Consideration of Risks in Compensation Practices

The Board reviews the risks, if any, associated with the Company's compensation practices and in 2012 as part of such undertaking, engaged Mercer, and IntierraRMG in 2013 (as further described above under *Compensation Advisors and Industry Benchmarking*) to further review its compensation practices. To date the Company has not identified any risks arising from its compensation practices that are reasonably likely to have an adverse material effect on the Company.

## Purchase of Financial Instruments

No Director or NEO is permitted to purchase financial instruments that are designed to offset a decrease in market value of equity securities granted as compensation or held, directly or indirectly, by the NEO or Director.

## Compensation Approval Process

The Compensation Committee reviews the appropriateness of compensation against market (as described above in *Compensation Advisors and Industry Benchmarking*). Base salaries of existing and required staff are budgeted for

on an annual basis. The CEO is responsible for approving new hires and their remuneration packages, as well as any base salary adjustments for existing employees and contractors.

In the case of executive officers, the Compensation Committee undertakes the review of remuneration and as described above may seek the input of an independent compensation advisor for input and further independent oversight in reviewing the appropriateness of compensation against market (as described above in *Compensation Advisors and Industry Benchmarking*), and to supplement the skills and experiences of the committee members. Recommendations for approval of amendments to an executive officer's compensation may be made by the CEO to the committee for review. Compensation Committee recommendations are then presented to the Board for their further review and if appropriate, approval. The Compensation Committee reviews and determines the remuneration of the CEO and recommends the same to the Board for further approval.

#### **Directors' and Officers' Liability Insurance**

The Company has purchased directors' and officers' liability insurance ("**D&O Insurance**") and has, in addition, agreed to indemnify Directors and officers of the Company against all costs, charges and expenses reasonably incurred by them in respect of certain proceedings to which they may be made party by reason of their status as Directors or officers of the Company. The indemnification is extended to Directors and officers provided they have acted honestly and in good faith with a view to the best interests of the Company and, in the case of a criminal or administrative action or proceeding that is enforced by a monetary penalty, on the condition the Director or officer had reasonable grounds for believing his conduct was lawful. Mundoro maintains D&O Insurance on behalf of its Directors and officers.

#### **Pension Plan**

The Company does not have a pension plan benefit program in place. Therefore, there were no payments or benefits in connection with a defined benefit or a defined contribution plan offered to NEOs during the Company's most recently completed financial year.

## Executive Compensation

The Company had only two Named Executive Officers (“NEOs”) for the year-ended December 31, 2014:

Ms. Teo Dechev	President, Chief Executive Officer (CEO) & Director
Mr. Thomas (Tom) Wilson	Chief Financial Officer (CFO)

Ms. Dechev’s biography can be found on page 18 of this Information Circular and our website under *Corporate/Management*.

Mr. Wilson was appointed CFO effective February 1, 2013. Mr. Wilson’s biography can be found on our website under *Corporate/Management*.

Mr. Magaranov was appointed Senior Exploration Manager in December 2011. Mr. Magaranov’s biography can be found on our website under *Corporate/Management*.

The table below shows the total compensation earned by our named executives during the last three financial years ended December 31, 2013, 2014 and 2015 as well as the projected annual compensation for 2016.

**Table 8: Summary Compensation Table** (presented in Canadian dollars)

Footnotes:

- Represents the annualized salary of Ms. Dechev for calendar 2016 based on reduction of salary by 30% effective January 1, 2016.
- Mr. Magaranov provides services to the Company through Geological Services Inc.
- Represents the estimated annualized compensation for Mr. Magaranov for calendar 2016.
- Represents the estimated annualized compensation for Mr. Wilson for calendar 2016.
- Option-Based Award figures do not represent realization of capital gains.** Presently, all of these options are not-in-the-money and have no monetary value. Grant date fair value calculations are based on the Black-Scholes Option Pricing Model. Option-pricing models require the use of highly subjective estimates and assumptions including the expected stock price volatility. Changes in the underlying assumptions can materially affect the fair value estimates and therefore, in management’s opinion, existing models do not necessarily provide a reliable measure of the fair value of the Company’s share and option-based awards. The Black Scholes model was used to compute option fair values because it is the most commonly used option pricing model and is considered to produce a reasonable estimate of fair value. There is no difference between the fair value in accordance with the International Financial Reporting Standard 2 calculated by use of Black Scholes option pricing model and the amount accounted for on the date options were granted.

#### Specific Footnotes:

1. The value of options vested in the fiscal year ended December 31, 2015 is calculated as if options had been exercised on their vest date in 2015 based on market price on the vest date of the options (Value (\$) = (# options vested in 2015 x market price on vest date in 2015) – (# options vested in 2015 x option exercise price). The market price at close-of-market on December 31, 2015 was \$0.05.
2. The value of vested unexercised in-the-money options is calculated based on the close of market price on December 31, 2015. At December 31, 2015, the option exercise price was higher than the market price and as such all vested unexercised options held no value.
3. The market close price on January 14, 2015 was \$0.16 and, therefore, these options were underwater on their vest date.

#### General Notes:

- The market price at close-of-market on December 31, 2015 was \$0.05.
- On January 19, 2015 the Company granted 522,500 stock options to directors, officers and consultants of the Company.

# ***SCHEDULE "A" – AUDIT COMMITTEE CHARTER***

---

## **AUDIT COMMITTEE CHARTER MUNDORO CAPITAL INC. (the "Company")**

### **PURPOSE**

The Audit Committee (the "Committee") shall assist the board of directors of the Company (the "Board") in its oversight of the financial reporting process, the independent external auditor, risk management and compliance with applicable laws, rules and regulations.

### **STRUCTURE AND OPERATIONS**

The Committee shall be composed of not less than three directors, all of whom shall be independent and financially literate as defined in National Instrument 52-110, Audit Committees.

Members of the Committee shall be appointed or reappointed annually by the Board, following the Company's annual general meeting. Each member shall continue to be a member of the Committee until a successor is appointed, unless the member resigns, is removed or ceases to be a director. The Board may fill a vacancy that occurs in the Committee at any time.

The Board or, in the event of its failure to do so, the members of the Committee, shall appoint or reappoint, annually following the Company's annual general meeting, a chairman among their number.

Meetings of the Committee shall be held at least quarterly either by telephone conference or in person, provided that due notice is given or waived and a quorum (being majority of the Committee members) is present. Where a meeting is not practicable, resolutions in writing which are signed by all Committee members are deemed valid as if they had been passed at a duly held meeting.

The Committee may ask members of management or others to attend meetings and provide pertinent information as necessary. For purposes of performing their audit related duties, members of the Committee shall have full access to all corporate information and shall be permitted to discuss such information and any other matters relating to the financial position of the Company with senior employees, officers and external auditors of the Company.

### **SPECIFIC DUTIES**

#### ***Oversight of the External Auditor***

1. Recommend to the Board and approve the selection of the external auditor, consider the independence and effectiveness and approve the fees and other compensation to be paid to the external auditor.
2. Be directly responsible for overseeing the work of the external auditor engaged for the purpose of preparing or issuing an auditor's report or performing other audit, review or attest services for the Company, including resolution of disagreements between management and the external auditor regarding financial reporting. The external auditor shall report directly to the Committee.

3. Sole authority to pre-approve all audit services as well as non-audit services (including the fees, terms and conditions for the performance of such services) to be performed by the external auditor.
4. Review and discuss, on an annual basis, with the external auditor all significant relationships they have with the Company to determine their independence and report to the Board of Directors.
5. Review and approve requests for any non-audit services to be performed by the external auditor and be advised of any other study undertaken at the request of management that is beyond the scope of the audit engagement letter and related fees.
6. Evaluate the qualifications, performance and independence of the external auditor, including (i) reviewing and evaluating the lead partner on the external auditor's engagement with the Company, and (ii) considering whether the auditor's quality controls are adequate and the provision of permitted non-audit services is compatible with maintaining the auditor's independence.
7. Receive the reports of the external auditors, review and assess the findings and the responses and actions taken or proposed by management.
8. Obtain and review a report from the external auditor at least annually regarding: the external auditor's internal quality-control procedures; any material issues raised by the most recent internal quality-control review, or peer review, of the external auditor's firm, or by any inquiry or investigation by governmental or professional authorities within the preceding five years respecting one or more external audits carried out by the external auditor's firm; any steps taken to deal with any such issues; and all relationships between the external auditor and the Company.
9. Review and discuss with management and the external auditor, prior to the annual audit, the scope, planning, procedures, timing and staffing of the annual audit.
10. Review and approve the rotation of the lead (or coordinating) audit partner having primary responsibility for the external audit activities and the audit partner responsible for reviewing the statutory audit as required by applicable law.
11. Review, as necessary, policies for the Company's hiring of partners and employees or former partners and employees of the external auditor or any former external auditor.
12. Ensure that additional emphasis of the audits (external and internal) is placed on areas where the Committee, management or the auditors believe special attention is warranted.
13. Act as a conduit whereby the external auditors can bring any concerns to the attention of the Board.

#### ***Financial Reporting***

1. Review and discuss with management and the external auditor the annual audited financial statements and quarterly financial statements prior public disclosure thereof.
2. Review and discuss with management the Company's annual and quarterly disclosures made in Management's Discussion and Analysis and earnings releases prior to public disclosure thereof. The Committee shall approve any reports for inclusion in the Company's annual financial reports, as required by applicable legislation.
3. Periodically review and discuss with management and the external auditor, as appropriate, management's report on its assessment of internal controls over financial reporting to ensure that

adequate procedures are in place for the review of the Company's public disclosure of financial information extracted or derived from the Company's financial statements.

4. Review and discuss with management and the external auditor at least annually significant financial reporting issues and judgments made in connection with the preparation of the Company's financial statements, including any significant changes in the Company's selection or application of accounting principles, any major issues as to the adequacy of the Company's internal controls and any special steps adopted in light of material control deficiencies.
5. Review and discuss with management and the external auditor at least annually reports from the external auditors on: critical accounting policies and practices to be used; significant financial reporting issues, estimates and judgments made in connection with the preparation of the financial statements; alternative treatments of financial information within generally accepted accounting principles that have been discussed with management, ramifications of the use of such alternative disclosures and treatments, and the treatment preferred by the external auditor; and other material written communications between the external auditor and management, such as any management letter or schedule of unadjusted differences.
6. Discuss with the external auditor at least annually any "management" or "internal control" letters issued or proposed to be issued by the external auditor to the Company.
7. Review and discuss with management and the external auditor at least annually any significant changes to the Company's accounting principles and practices suggested by the external auditor or management.
8. When applicable, discuss with management the Company's earnings press releases, including the use of "pro forma" or "adjusted" non-GAAP information, as well as financial information and earnings guidance (if any) provided to analysts and rating agencies.
9. Review and discuss with management and the external auditor at least annually the effect of regulatory and accounting initiatives as well as off-balance sheet structures on the Company's financial statements.
10. Review and discuss with the President and CEO, the Chief Financial Officer ("CFO") the procedures undertaken in connection with the CEO and CFO certifications for the annual and interim filings with applicable securities regulatory authorities.
11. Review disclosures made by the Company's President and CEO and CFO during their certification process for the annual and interim filings with applicable securities regulatory authorities about any significant deficiencies in the design or operation of internal controls which could adversely affect the Company's ability to record, process, summarize and report financial data or any material weaknesses in the internal controls, and any fraud involving management or other employees who have a significant role in the Company's internal controls.
12. Discuss with legal Counsel at least annually any legal matters that may have a material impact on the financial statements, operations, assets or compliance policies and any material reports or inquiries received by the Company or any of its subsidiaries from regulators or governmental agencies.

### ***Oversight of Risk Management***

1. Make inquiries of management and the external auditor to identify significant business, political, financial and control risks and exposures, both internal and external, to which the Company is or may be subject, and assess the steps management has taken to minimize such risks.
2. Ensure that any required disclosure of the process followed by the Board and its committees in the oversight of the Company's management of principal business risks is accurately and fairly presented.
3. Review management's process of risk assessment and steps taken to address significant risks or exposures, including insurance coverage.
4. In conjunction with the Nominating and Corporate Governance Committee and the Board, annually review the directors' and officers' third party liability insurance of the Company.

### ***Oversight of Regulatory Compliance***

1. Establish procedures for the receipt, retention and treatment of complaints received by the Company regarding accounting, internal controls or auditing matters, and the confidential, anonymous submission by employees of concerns regarding questionable accounting or auditing matters.
2. Discuss with Management and the external auditor at least annually any correspondence with regulators or governmental agencies and any published reports which raise material issues regarding the Company's financial statements or accounting.
3. Exercise such other powers and perform such other duties and responsibilities as are incidental to the purposes, duties and responsibilities specified herein and as may from time to time be delegated to the Committee by the Board.
4. Report to the Board on its activities after each of its meetings.
5. Conduct an annual assessment of its performance and report the results to the Board of Directors.

### ***Retention and Funding of Independent Advisors***

The Company shall provide for appropriate funding, as determined by the Committee, for payment of compensation to the external auditor for the purpose of issuing an audit report and performing related work. The Committee as a whole or each Committee member independently shall also have the authority to retain such other independent advisors as it may from time to time deem necessary or advisable for its purposes and the payment of compensation therefore shall also be funded by the Company.

### ***Approval***

Approved by the Board of Directors January 15, 2015.
